8. The “flying fiery serpent” is listed. Use the following verses to help explain what this creature is. Isaiah 14:29; Deuteronomy 8:15

In the book DRAGONS Legends and Lord of dinosaurs there is historical record of these creatures. From Antiquities of the Jews, Flavius Josephus it says “Moses encountered

serpents such as are worse than others in power and mischief, and an unusual fierceness of sight, some of which ascend out of the ground unseen, and also fly in the air.”

The ancient Greek writer Herodotus notes the Ophies Pteretos: “There is a place in Arabia, situated very near the city of Buto, to which I went, on hearing of some winged serpents; and when I arrived there, I saw bones and spines of serpents, in such quantities as it would be impossible to describe. The form of the serpent is like that of a water-snake; but he has wings without feathers, and as like as possible to the wings of a bat.”

The accounts above are not the only telling of flying serpents. Some are indeed fiery, that is poisonous.
